

Host a Virtual Watch Party For Hands & Hearts 2021

Hi friends! We're excited to have you join us for our annual fundraising event.

Why is this event going virtual?

Our annual fundraising event is going virtual again this year as we bring our supporters together to share stories of the hope and heroism that take place every day within the doors of The Salvation Army.

We hope you'll join us and "host" a group of friends to learn about the life changing services we provide to families and individuals in need and see why their support is vital to keeping the doors open on those services.

How to host your virtual watch party

As a host, you may invite guests to join you in several ways — virtually from their homes, in-person at your home or office, or both (socially distanced of course!) Regardless, you'll be "seated" together at our online venue, where you can video chat with each other, "get up" and mingle, and enjoy the virtual presentation.

How to get started

Invite a group of your friends and have them visit our Hands & Hearts website to register. Here's the link: <http://bit.ly/handshearts21>

PS: If your friends can't attend, please ask them to donate at the same site or mail a check to P.O. Box 1205, Winston-Salem, NC 27102. (Make the check out to The Salvation Army and put "Hands & Hearts" in the memo line).

Watch for updates and reminders as we near the May 13 event date.
